

# Seven States Summed Up

**SEVEN STATES OIL** is much on the tongue of the public. The company has caught the public's confidence. This is attested by the fact that 1,700 citizens of Memphis and surrounding territory have put their money into the enterprise.

**INDIVIDUAL INVESTMENTS** run from \$50.00 to \$25,000.00. The big investments were made after the prospective investor had visited the Seven States Oil Fields, and observed with their own eyes the company's assets, and made their own calculations as to the company's future possibilities.

**IN PRESENTING** the proposition to the public the company has studiously avoided unwarranted statements and overly optimistic predictions. Every prediction we have made thus far has been verified. The increase in the value of our holdings has exceeded our claims, but not our expectations.

**WE HAVE** sought to appeal only to the conservative and careful investor, and not to the plunger. The money that has been made in oil in Texas during the past year is almost beyond computation. If we had told the true story in general, or given the full possibilities of our own company in particular, we probably would have made an unfavorable impression.

**THE FACT** is, where investors have employed ordinary business intelligence and care more than satisfactory results have been obtained. Where an investor cannot give up his vocation and give his entire time to the oil business, the best oil investment he can make is in the stock of a company managed by experienced and reliable oil men.

**PERHAPS YOU** have already invested, maybe not, but whether or not, there are some salient features about the Seven States Oil Company that you should get clearly.

## SALIENT FEATURES

1. The oil business is handled on a much more scientific basis than is commonly supposed. Experienced oil men seldom fail to make big money. The Seven States Company is managed by oil men who have made a success in the business and stand ace-high in their home communities.
2. We have assets in the form of producing wells that pay dividends, and the refinery which will be built at once will accentuate the safety and value of a Seven States Oil investment.
3. We have proven acreage, that is, acreage surrounded by producing wells, from which we have no doubt of getting oil.
4. We have vast acreage in semiproven fields, the possibilities of which are backed by the judgment of almost the entire oil fraternity. Our Amarillo acreage is destined to make our company a tremendously rich concern.
5. We are in business to stay, and will continue permanently the producing, refining and marketing of oil and its products.

A FINANCIAL WRITER IN THE WALL STREET JOURNAL SAYS THAT THE ABOVE FIVE PREREQUISITES JUSTIFY AN INVESTMENT IN OIL.

Some fine morning soon—very soon—you will read a notice in the paper that Seven States stock is ALL SOLD. Then you will say, "Well, I swanny, thought those fellows were just foolin'," but the opportunity will have passed.

You cannot afford to miss having a share in the success of the Seven States Oil Company.

#### Activities Among Memphis Negroes

By Rev. T. O. Fuller.

The religious and historical pageant given under the auspices of the Salem Baptist church at church's auditorium Monday night drew a large and enthusiastic audience. Dr. W. H. Moses,

of Philadelphia, delivered an able address, subject, "The White Peril."

Charles Stewart, newspaper correspondent, was in the city Monday en route to the Arkansas Baptist convention at Little Rock, of which Dr. E. C. Morris is president.

Ground has been broken for the \$50,000 Baptist church to be erected on the corner of Florida street and Iowa avenue. Contractors set up their stakes Monday. The Rev. R. B. Roberts is

one of the most successful pastors his race has produced.

The Baptist Ministers' alliance held an interesting meeting at the First Baptist church, St. Paul avenue, Tuesday morning. Rev. W. W. Whitten presided.

Dr. C. H. Condel, in addition to his duties as teacher in the high school, contributes syndicate articles for the best magazines. Dr. Condel is quiet

and unassuming, but he is one of the ripest scholars among us.

The Metropolitan Baptist church is in the midst of their fall revival. Pastor A. M. Townsend is being assisted by Dr. A. D. Hurt, of Nashville. The public is invited.

Sergt. Needham Roberts, the noted negro hero of the world war, will speak at Church's auditorium Thursday night. Give him an audience worthy of his achievements.

#### BROOKS ART GALLERY HAS CHILDREN'S EXHIBITION

A special invitation for children is now on display at the Brooks Art gallery in Overton park, composed of paintings, prints and books, two pieces of dolls' furniture, bread and milk set in pottery, toys, Indian on horse-back, etc.

Among the prints is a set of Maxfield Parrish, of the "Wonder Tale" and others of the "Aurora" series. "The Dinky Bird," "The Sugar Plum Tree," etc.

Prints by Jessie Wilcox Smith include "The Five Senses," "His Christmas Dinner," "The Sleeping Beauty," etc.

Among the beautifully illustrated books are "Dickens' Children," illustrated by Jessie Wilcox Smith. "Poems of Childhood," by Eugene Field, illustrated by Maxfield Parrish. "Little Songs of Long Ago," illustrated by Le May.

"The Raggedy Man," by James Whitcomb Riley, illustrated by Ethel F. Belsa.

The entire exhibition is composed of works of art, representing the best-known illustrators of the day. This is one time when the children should visit the art gallery. The exhibition is well selected, with only a few articles, so as not to tire the little ones with too much to see at one time. Still they will take away many happy thoughts of fairy tales, day dresses, in prints and toys.

A cordial invitation is extended to all. The gallery is open from 11 a.m. to 5 p.m.

## LYKO Illuminates the Future With Its Rays of Hope

**For All Who Would Enjoy Perfect Health**

This remarkable tonic is the inspiration and joy of the weak and debilitated. It brings back the sunshine of existence to those of lost vitality. It opens up wonderful visions of the future to the down-cast, weary-laden souls depressed in spirit and body. It creates the strength and the courage to fight winning battles in those who have lost heart, given up exhausted under the strain of their daily burdens. It kindles anew the vital spark of life in the slumbering body of the languishing, causing it to burst forth at last in a radiant glow of perfect health.

"LYKO" is, indeed, of great restorative power; in fact, Nature's first aid in nearly all sub-normal conditions. A general tonic in the broadest sense, it rebuilds

the entire system because of its effective and beneficial action upon all of the principal organs of the body. It increases the appetite, promotes digestion, replenishes the blood, strengthens the nerves, tones the heart, improves the function of the liver, regulates the bowels and tends to relieve suppressed conditions of the kidneys.

If you are thin-blooded, pale and weak, physically and nervously exhausted, generally run-down, devoid of animation, or lacking in endurance and staying qualities and mentally depressed in consequence, let "LYKO" recreate your vital force and bring back to you that buoyancy, energy and cheerfulness of former days. It's sparkling in color and reliable in taste. Ask your druggist for a bottle today.
